Action taken Report.

- The curriculum is not enough to meet the employability of the students. The appropriate updation is necessary to overcome the problem of employability.
- Alumni feedback reveals that the curriculum contents still need to be updated to reach to the global standards. It will be fruitful to students if IQAC takes initiative to utilize experts from Alumni who have global exposure to provide career guidance and insight to global trends in job market.
- IQAC should take initiative to introduce new skill-oriented courses which have a higher probability in securing jobs to students rather than conventional programmed offered by the university of Calicut.
- The College had written a letter to the University regarding the updation of the syllabus.
