Introduction

Sullamussalam Arabic College is always in forefront of imparting quality higher education for comprehensive socio economic empowerment of the deprived sections, thereby enhancing their skills and capabilities eventually to lead a better professional and career achievement. It is in this context the college has decided to address these issues by introducing a special program called CEP. It is an amalgamation of various training and coaching programs to redirect the students to the path of the new era of knowledge, where the students will learn new courses, prepare for competitive exams and get ready to face the future with all the inspiration, ambition and courage.
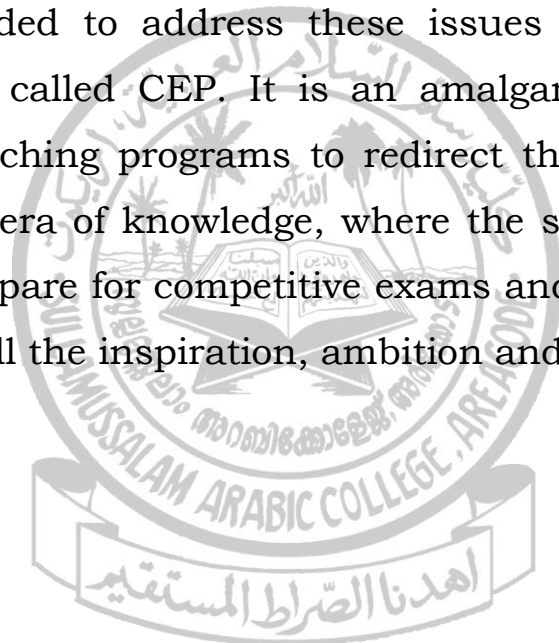

I.   Online Courses

The College is a local chapter of online courses like NPTEL and COURSERA.

I.1 NPTEL (National Programme on Technology Enhanced Learning)

NPTEL is introduced and developed by the Indian Institute of Technology and Indian Institute of Science jointly. It is an online learning platform, offering multi-disciplinary and social science subjects. This unique initiative is fully funded by Ministry of Human Resource and Development, Government of India. The College is an active local chapter of NPTEL, where numerous students quench their thirst for knowledge.

The career development cell (CDC) introduces the various courses of NPTEL to the students and teachers. It was in introduced in the last month of 2018 and the first full-fledged batch was started in 2019 January. The participation of students and teachers in different courses of the NPTEL is proportionately high when compared to the total strength of the college. Interested students and teachers have joined in various programs offered by the NPTEL. The cell has also been provided all the required facilities for a better learning atmosphere.

I.2 COURSERA

The COURSERA is an online learning platform, the courses are offered by the world leading universities, the motto of COURSERA is "world class learning for anyone, anywhere". According to COURSERA Learner outcome survey (2019) 87 % of people enrolling and learning through COURSERA for professional development.

The attractive result of achieved by the institution in NPTEL encouraged us to set up another online learning platform that can contribute to the overall development of students and teachers. The official launching of the COURSERA for campus was on 15th September 2020. The college is recognized as a local chapter of COURSERA, since then the number of students have been enrolled for various courses and successfully completed within stipulated period. Career guidance cell of the college has introduced various programs offered by the COURSERA to students by assisting all enrolled students throughout the course with necessary facilities.
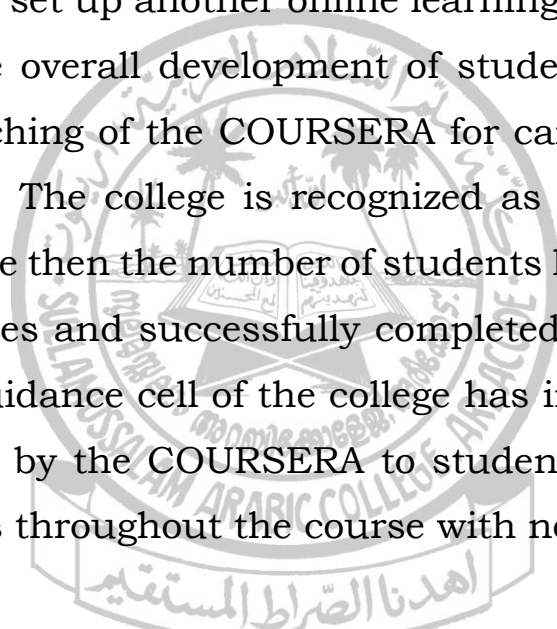

Recognition letter from COURSERA

Hi Dr. Abdulla Najeeb,

Thank you again for expressing interest in Coursera!

Our mission is to transform lives through learning, and we want to help your students by offering courses online to minimize the impact of the coronavirus on their education. We're excited to let you know that your Coursera for Campus program for your learners is ready and is officially launching today 09/15/2020. You can access your new program(s) here.

The following individual has been provided organization administrator access. They can add additional administrators on your Coursera portal.

- Dr. Abdulla Najeeb at mabdullanajeeb@gmail.com

Shortly, you will receive a separate email inviting you to take a short course on our platform that provides you an overview of all the features of your Coursera for Campus portal. Here you can review the program as well as your dashboard settings, and start adding learners from your campus by inviting your learners from the invitation tab within your program. To allow anyone in your organization to join your program with one click, you can also whitelist your organization's email domain.

Please find attached the following:

- Admin Walkthrough: A deck and recorded training which explains all the Admin features of the platform. Also, please refer to our Administrator Help Center which is a great resource as well.
- Learner Experience: A deck which explains the learner features. Also, please refer to our Learner Help Center and please do direct the learners to it as well.
- Student Awareness Kit: A tool kit of materials that you can use to engage your learners to start learning on Coursera.
- Both the Admins and Learners have 24x7 chat support from our support staff available on the respective help center.
- Admins can reach out to our support team by completing this form . We have a tiered support structure in place where issues/queries can be escalated as needed.
- Qwiklabs FAQ for any learner questions around accessing labs via GCP Coursera courses.

Thank you,

Coursera for Campus Team

II. Free Coaching for Competitive Exams

The college has distinctive policy towards extending the coaching facilities to the interested students at free of cost. Under the top learners forum and Career Guidance Cell, the college has conducted continuous orientation programs for career enhancement and intensive coaching for clearing competitive exams. The program mainly focused on exams like UGC JRF/NET/SET, State KTET, and KPSC. It helped many students to crack the competitive exams especially UGC NET and KTET. The coaching classes were handled by the subject experts in the respective fields.

II.1 UGC NET Coaching

UGC conducts nationwide aptitude test for determining the eligibility of Indian nationals for the Eligibility for Assistant Professor only or Junior Research Fellowship & Assistant Professor Both, in Indian Universities and Colleges. Since the exam is very difficult to qualify, the institution gives special interest in providing an intensive coaching to make students more competent to crack the exam.

Students from various departments participated in the coaching class. The institution assigned qualified experts in different areas to handle the classes. Faculties from ours departments also handled some of the sessions.

II.2 KTET (Kerala Teachers Eligibility Test) Coaching

Kerala Teachers Eligibility Test (KTET) is conducted by the Government of Kerala. The persons recruited as teachers should possess the essential aptitude and ability to meet the challenges of teaching at all levels of schooling. It is the examination to assess the eligibility of teacher candidates for Lower Primary, Upper Primary and High School Classes in Kerala. Separate test are conducted to select teachers for Category I (Lower Primary classes), Category II (Upper Primary classes) and Category III (High School classes).

In order to encourage students in the institution an interest towards teaching in primary and secondary level, the institution conducts free KTET coaching for all aspirants. The coaching classes are conducted in a systematic manner in each academic year. The program was a great success in terms of the students' participation and the result achieved.

Social Welfare Program (SoWP)

Submitted to:

THE NATIONAL ASSESSMENT AND ACCREDITATION COUNCIL (NAAC)

INTRODUCTION

Sullamussalam Arabic College is a pioneer minority higher education institution situated in the historically backward region gives high priority to serve the society through various social welfare programmes apart from the educational empowerment of the region. The college has a unique tradition to provide and extent support to the marginal sections who are living the surrounding region. Social works play a crucial role in improving the lives of those who need it the most.

SSAC-SoWP is an initiative by the institution to connect the students with the society through different activities. It is an amalgamation of various activities of SIP (Students initiative in palliative), SOA (Students on Alert) and NSS (National Service Scheme).

It was in this context, the college has decided to nurture a group of students who are capable of serving the society voluntarily.
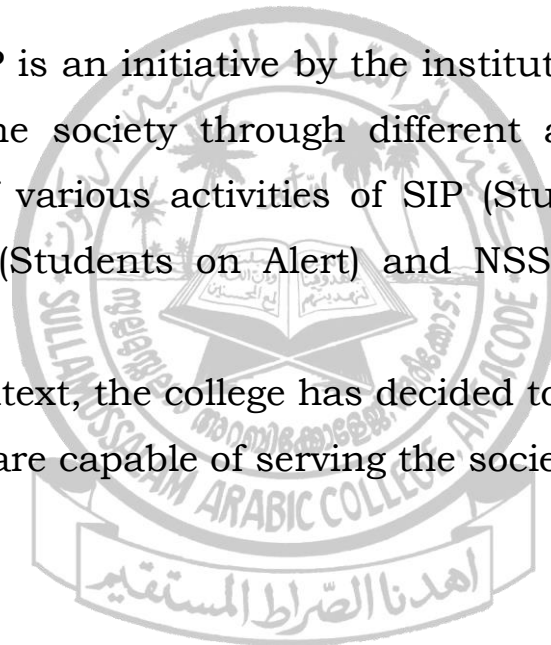

Home for Homeless

It is the responsibility of every community to ensure that the basic needs of everyone living in the society are satisfied. But it is a fact that still there are so many people who are unable to satisfy those basic needs especially food and shelter. In our college also there are some students experiencing the same issue. The college addressed this issue with prime concern.

The NSS unit of Sullamussalam Arabic College, Areekode endeavours to provide shelter for homeless families. Students of this college belong to heterogeneous financial backgrounds and some of them are not with a shelter of their own. This indispensable need of some students for a home to live in has addressed by the college NSS unit with the assistance of everyone related to the college. Through a detailed and unbiased enquiry regarding the intensity of requirements, the beneficiaries are chosen out of many. College staffs, students and other philanthropists in the locality selflessly support this remarkable effort undertaken by the NSS unit. These people financially and physically back the projects until the tasks get accomplished. Thus, the NSS unit of SSA College has succeeded in building three houses in five years.

The first home was constructed in the 2017-18 academic year at Kizhisseri. The beneficiary of this home was a preliminary second year student from the college.

The second home was constructed in the 2018-19 academic year at Karakkunnu near Manjeri. The beneficiary of this home was a BA Afzal ul Ulama student from the college.

The third home was constructed in the 2019-20 academic year at Vadakumuri near Areakode. One of the alumni of the institution was the beneficiary of this project.

Home for Homeless 2019-20

Home for Homeless 2019-20 is a collective effort of NSS volunteers in the campus under the 'Abhayam' project along with Students Initiative in Palliative and Students Union.

The estimated cost of construction of this project was 7,60,000 Rupees. Collecting such a huge amount was a difficult task for students. Still the dedication and sincere efforts of the volunteers made the mobilization of the fund possible. The fund was mainly collected from students, teaching and non-teaching staffs and other well-wishers in the nearest locality.

The volunteers actively participated throughout in the construction process. The neighbourhood families nearby the construction site also joined in this great work. It took eight months to complete this project. Finally, the Vice Chancellor of Univerity of Calicut, Dr. M.K. Jayaraj, did the key handover ceremony on 15th December 2020.

SIP (Students Initiative in Palliative)

The college encourages students in palliative sincerely, as we understand the importance of dedicated human resource in palliative care. Home care sessions of SIP inculcate humanitarian values in students along with providing sufficient volunteers to the active palliative unit of Areekode. Our students become an embodiment of relief to the helpless and lonely bedridden patients in the area. Observing palliative care day and conducting exclusive camps inviting the patients to the campus to entertain and revitalize them are other remarkable activities of the unit.

Although, all the activities conducted by the SIP Unit of the college are appreciable and highly beneficial to the society, we are highlighting two important practices of SIP, i,e **One Day One Rupee** and **Homecare Visit**.
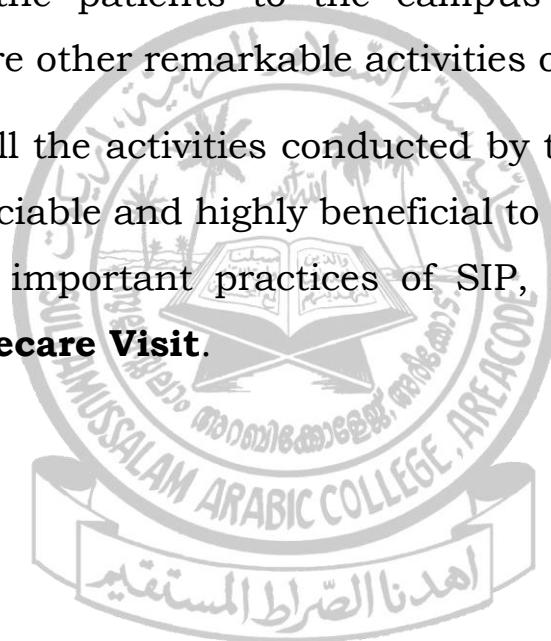

One Day One Rupee

One Day One Rupee was started in the beginning of 2018-19 academic year. As an initiative of the SIP (Students Initiative in Palliative) unit of the college, this program intents at mobilizing a fair amount of money for assisting the financially struggling students of the college. To collect fund for this initiative, the SIP unit installed a coffer each in all class rooms and staff rooms by encouraging them to drop a coin a day which keeps collecting money from being a burden on the donors. The SIP volunteers collect the money put in the coffer in a regular interval and the teacher in charge will monitor all the activities. The assistance is provided in the form of liquid cash or other requirements.

The volunteers of SIP are authorized to select the beneficiaries for this program and it is done with the help of class teachers and student leaders.
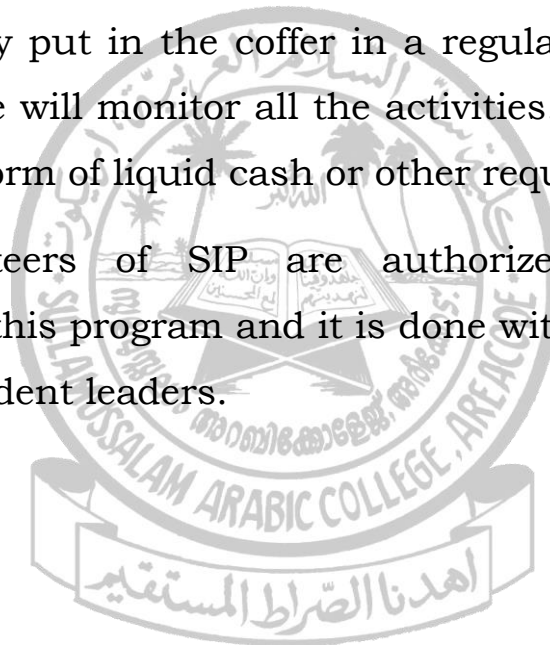

Fund Utilization

The collected fund under this scheme is used for various productive purposes. They are:

- Dress distribution for needy students in the campus
- Travelling and other expenses of blood donors
- Scholarship for financially backward students
- Shine : the day colours program (Love shore visit)

Home Care Visit

Palliative care is specialized medical care for people living with a serious illness. This type of care is focused on providing relief from the symptoms and stress of the illness. The goal is to improve quality of life for both the patient and the family.

Palliative care is provided by a specially-trained team of doctors, nurses and other specialists who work together with a patient's other doctors to provide an extra layer of support. Palliative care is based on the needs of the patient, not on the patient's prognosis. It is appropriate at any age and at any stage in a serious illness, and it can be provided along with curative treatment.

In order to become a part of this great practice, our college also encourages students to participate in palliative home care. As a result many SIP volunteers in the college have attended various homecare sessions in collaboration with Pain and Palliative Care Unit of Areekode region.

Students on Alert (SOA)

Students are the future of our country. It is the students who are going to develop our country in the near future. It is not wrong to say that our country is in the hands of the students who are studying today. When they will grow up and become professionals, they will work for the betterment of the country. So, these students should know how to interact socially, how to understand other people's problems and how to work for the social betterment of the society. It is not only the society which gets benefitted from the social work done by the students, but it is also the students who get benefitted from the Social Work.

Students on alert wing is a group of vibrant students in the college which performs different programs to support the wants of students and society. It acts as medium to connect college and community. The members of SOA are disposed to provide their services to the society at any time.

SOA volunteers are doing various activities for the betterment of the students as well as the society. Here we are highlighting the two important social outreach programs. i.e. Blood Donation and Flood relief camp and work.

Blood Donation

Donating blood is a precious gift that a healthy individual can give to others in their community who are sick or injured. The SOA wing of the college has an active participation in blood donation to meet the blood requirements of nearby hospitals and other health centers for saving lives. The wing has the list of volunteers with blood group and contact number for its smooth working.

The emergency blood requirements of patients in Calicut Medical College and the nearby localities of our institution are met with the volunteers from our college. As per the demand raised by concerned bodies like trauma care, health centers, pain and palliative care, etc. the coordinator in charge will assign the volunteers to meet the requirements.

Flood Relief Camp

Kerala experienced an unprecedented and heavy rainfall during the monsoon season of 2018 and 2019. Heavy rains caused severe landslides and total devastation of many areas in the state. Malappuram is one of the districts which hit by the flood badly. Areas like Nilambur, Areekode, Urangattiri etc. were experienced serious damages and deaths. Many of the families were isolated and became homeless. There were people from different financial, regional and communal backgrounds as the victims of this flood.

The rehabilitation of these people was a serious challenge for the government. During this period, the college authority and student community provided their sincere effort for helping the deprived people. A flood relief camp was arranged by the institution for one week to accommodate the adversely affected families. Along with this, a group of dedicated students visited several places like Wayanad, Alappuzha, Nilambur, Urangattiri etc for cleaning purpose. As a result of this rehabilitation camp and flood relief works done by the students, the people in the surrounding region became emotionally and mentally attached to the college.

Flood Cleaning Work

With flood waters receding from most of the places, the Kerala government has taken up the massive task of cleaning houses and public places filled with slush left behind by the massive deluge that claimed 231 lives, besides causing large-scale destruction. The cleaning up of flood affected areas are considered as a daunting task.

As a part of the cleaning campaign of the Government of Kerala, the Sullamussalam Arabic college has made its serious efforts to help the flood affected community. A group of dedicated students along with teachers visited several places like Wayanad, Alappuzha, Nilambur, Urangattiri etc for cleaning purpose.
